

# ActivConnect™ G

ActivConnect G is an external Android Module that gives the ActivPanel™, ActivPanel i-Series, and ActivBoard™ tablet-like capabilities. It puts the digital world at your fingertips with access to apps, content, mirroring, and more.

## A Tablet-Like Experience on Promethean Interactive Displays

### Intelligently-Designed for Ease of Use

Intuitive, tablet-like interface allows you to focus on teaching instead of the technology.

### Thousands of Educational Apps

Access the vast, ever-expanding world of educational and productivity apps directly from the home screen.

### Educational Tools for Connected Learning

Interact dynamically by mirroring content and connecting Bluetooth® devices to expand learning experiences.

### Lesson Delivery Software

Launch the ClassFlow™ application to deliver lessons, write, draw, annotate, and poll students.

### Instant Whiteboard

for freeform writing and saving your digitally captured notes.

### Future-Proof Technology

Upgrade ActivConnect G over time to keep pace with the changes in computing technology.

### Easy Set Up, Use and Administration

Minimize training requirements across teaching staff by deploying a standard user interface across classrooms and schools. ActivConnect G enables remote updates, as well as provides dual network capability for enterprise network use.
